

The 700Credit consumer pre-qualification solutions are web-based platforms that drive consumer interest and engagement from dealer websites, providing a full credit report and FICO score without requiring a SSN or DOB.

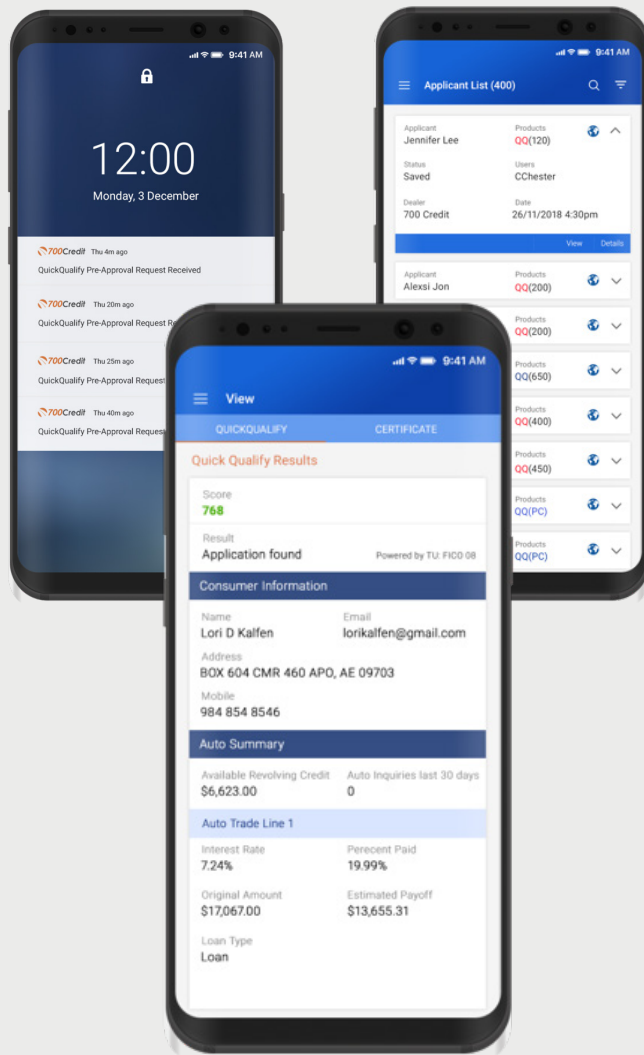

The QuickMobile App is specifically designed for easier management of a dealership's soft-pull leads generated by the following family of products:

- ✓ QuickQualify
- ✓ QuickQualify Xpress
- ✓ QuickScore
- ✓ QuickQualify Integration Platforms
- ✓ Digital Retail Partners

Dealers who use any of these solutions at their store are immediately alerted on the QuickMobile App when new leads are submitted and can view the customer information quickly and conveniently from their mobile device!

From the Mobile App interface dealers can:

- » Receive alerts immediately to their phone when consumers complete a lead form from any of the supported platforms
- » Optimize interactions with consumers through one-click text response and mobile dialing
- » View all applicants and immediately click to view an applicant's credit score and credit file information
- » Text and email the QuickQualify Prequalification form directly to the consumer
- » Load the prequalification form on your mobile device and hand to consumer to complete while in the showroom
