700Credit is the leading authorized reseller of credit reports from the leading national credit companies, Experian, Equifax and TransUnion. All clients receive their choice of report format, score and ancillary products.

700Credit is seamlessly integrated with the CUDL platform so dealers can easily pull credit reports and receive the following information with every report pulled:

- » Identity Verification & Red Flag platform which provides a vital service by flagging application information that on the surface may seem true, but in reality, is questionable. These warning messages focus on high-risk applicants, addresses, social security numbers, and addresses.
- » Tabs for each credit report pulled, and Risk Based Pricing and Adverse Action notices (if applicable)
- » Link to the Compliance Dashboard which enables dealers to stay on top of and manage credit reporting and compliance from one single view.
