MORE THAN JUST A CREDIT SCORE

Why your BHPH dealership should start pulling credit reports **TODAY.**

You may not want or need a credit score to fund your next customer - but credit reports offer more than just that number. When you buy a credit report from 700Credit, you will have the ability to validate the customer's story and get a complete picture of who is sitting in front of you – beyond their credit score.

What a credit report from 700Credit can tell you about a customer's financial situation:
