

Enhance Your Online AutoCheck® Experience By Adding 700Credit's Soft Pull Prequalification Solution

Experian AutoCheck® empowers dealers & lenders with reliable vehicle history data insights to **make more informed business decisions** and help manage risk.

Prequalification in AutoCheck

700Credit has integrated our soft pull, prequalification platform with the Experian AutoCheck vehicle history reports to provide a **streamlined sales experience**.

How AutoCheck Works

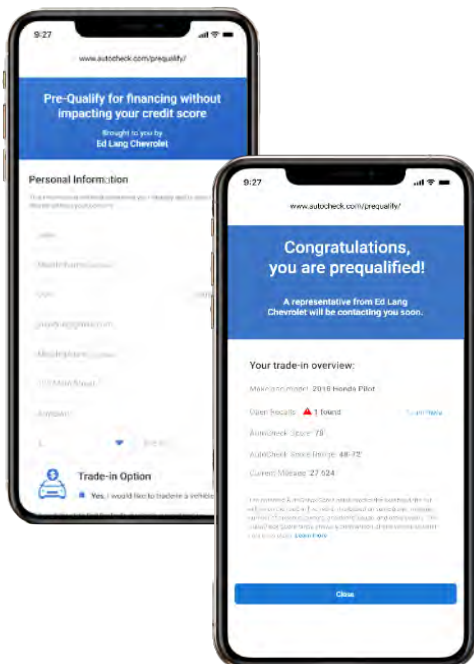

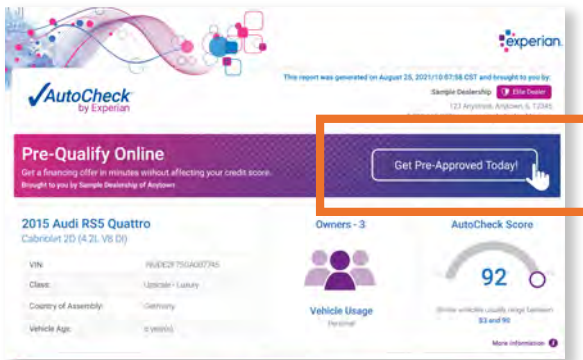

Prospective buyer using AutoCheck® is asked if they are interested in "Getting Prequalified"

A prequalified offer is presented to consumer from participating dealers via AutoCheck® Report

Leads are sent directly to dealer's CRM and 700Credit's dealer portal for easy access.

How Dealers Benefit

- Valuable insights into consumer's FICO® Score and Credit File at the **Top of the Sales Funnel**
- Increased number of prequalified leads
- Credit file and auto tradeline summary provide dealers insight into current auto loan

Contact a representative to enable 700Credit's prequalification platform with AutoCheck® vehicle history reports on your dealer website today!
