Welcome to 700Credit!

700Credit is the leading provider of credit and compliance solutions for the automotive industry. Our products and services have evolved through the years, as we continually collect feedback from our clients around the country. Our singular focus on the automotive industry has allowed us to create solutions that are easy to use and best fit the needs of our dealer clients. Today we have over 20,000 direct dealer clients using our products and services across the US.

Credit Reports

We offer access to reports from the leading national credit companies, Experian, Equifax and TransUnion. Credit Reports contain information from credit grantors, courts, and collection agencies regarding the historical loans by the consumer. Credit Reports also include scores (FICO and Vantage), and public records such as judgments, liens, and bankruptcies. They also may include previous employers, addresses and other names used. All 700Credit clients receive their choice of report format, score, and ancillary products.

Red Flag

A Red Flag summary is provided with each report pulled, to alert you to information that appears to be genuine on the surface but may be questionable. These warning messages focus on high-risk applicants, social security numbers, driver's licenses, and addresses. Currently, there are more than 31 patterns for Red Flag alerts.

Out of Wallet Questions

Out of Wallet (OOW) questions are available for every applicant processed through the platform. When a Red Flag alert occurs, your dealership must validate the person's identity. OOW questions are available instantly, providing multiple choice questions that would be hard for an identity thief to answer. If the consumer answers most the questions correctly, their identity is verified, and the alert is automatically resolved, allowing you to proceed with the transaction.

Risk-Based Pricing Notices

Following the National Automobile Dealers Association (NADA) and National Independent Automobile Dealers Association (NIADA) recommendations, our solution uses the Exception Notice option, otherwise known as Model Form B-4 and Model Form B-5, for those instances where a score is not returned on the consumer.

Adverse Action Letters

We have developed a base solution that follows industry best practice (and the best liability protection) to help keep you in compliance with federal and state laws and regulations. Our services can be tailored to fit your dealership's interpretation of the law and internal policies.

fusionZONE has integrated our soft pull, prequalification solution, QuickQualify into their FastLane lead platform. This guide will walk you through the consumer's experience getting prequalified and how dealers are able to view their lead information in the FastLane platform. If you have any questions, please feel free to reach out to our support desk at (866) 273-3848 or email us at: support@700Credit.com.

Introduction to QuickQualify

QuickQualify is a soft pull prequalification solution which places a soft inquiry on the consumer's file, that does not require a consumer's SSN or DoB - only name and address required. For each consumer that fills out the prequalification form and gets preapproved, dealers receive:

- FICO Score
- Available Revolving Credit
- Auto Inquiries last 30 days
- Summary of Auto Trade Lines Including:
 - Current Monthly Payments
 - Current Auto Loan Interest Rates
 - Remaining Balance/Payoff
 - Payment History
 - Months Remaining on Auto Loans

You can use this information to put the consumer in the right vehicle with the right financing, right away!

Consumer's Experience Getting Prequalified

Consumer Experience: *Vehicle Detail Page*

There are two places in a dealership's website that a consumer can access the prequalification form. The first option is through the VDP (vehicle detail page) while the second is a direct CTA link.

If choosing to prequalify through the VDP, consumers will begin the process by locating their desired vehicle, opening its VDP, and clicking on the **"Calculate Payments"** button.

The consumer is then brought through the prequalification process, starting with providing basic personal information (*first/last name, email address, phone number, zip code*), and then including any trade-in vehicle information.

700Credit's prequalification solution is directly integrated into Step 3 of the process, **"Prequalification"**. Fill out the required fields (*most fields should autofill due to provided information in Step 1*), check **"I agree"** to the terms and conditions, and then **"Submit"**.

Additional details

By clicking the I Agree checkbox and Submit, I consent to have my credit file accessed for purposes of prequalifying for a vehicle loan. This is a soft inquiry and will not impact my credit score. I agree to the Privacy Notice, Terms and Conditions and I acknowledge I may be contacted by 700 Credit, Test Account. I understand that I might not prequalify depending on the prequalification criteria.

☒ I Agree

Consumer Experience: *Prequalification Button/Banner*

If choosing to prequalify through a direct CTA, locate a **“Get Prequalified”** banner or button placed around the dealership website. An example prequalification banner is shown below.

The consumer is then brought directly to Step 3 of the process, **“Pre-Qualification”**, where 700Credit’s prequalification software is integrated.

Fill out the required fields, check **“I agree”** to the terms and conditions, and then **“Submit”**.

3.

The screenshot shows a multi-step form titled "Pre-Qualification". At the top, there are four tabs: "1 Personal Info", "2 Calculate Trade-In", "3 Pre-Qualification" (which is active and highlighted in blue), and "4 Calculate Payment". Below the tabs, the form contains several input fields: "First Name" (filled with "Michael Alan"), "Last Name" (filled with "Abadi"), "Email" (filled with "michael@adam.com"), and "Phone Number" (filled with "1112223333"). There is also a section for "Additional details" with fields for "Street address", "City", "State", and "Zip" (filled with "85044"). At the bottom, there is a checkbox labeled "I Agree" and a blue "Submit" button. A small "X" icon is in the top right corner of the form area.

The dealer will be presented with a mass list of leads, locate the desired lead, and select the **“View Lead”** button, as shown to the right.

The bottom screenshot is the 'User Setup Information' form, which includes fields for User Type, User Level, Dealer, and various checkboxes for permissions like 'Read Only', 'Disable User', 'Restrict Days of week and time of day access', 'Force Password change on next Login', and 'Show in QuickApp Dropdown'. It also includes a 'Security Questions' section with three questions and answers.
