700Credit is the largest authorized reseller of credit reports from Equifax, Experian and TransUnion.

Our HTML Credit Report is the first step toward helping your dealership better understand the customers you work with. It provides a clear, easy to understand look at valuable credit file information that can identify open trade lines, confirm identification information and provide a FICO® score.

Our solution includes an exclusive Auto Summary, providing a "snapshot" of important activity, including the consumer's monthly auto payments, interest rate, loan termination date and outstanding balance in an easy-toread format.

To quickly compare scores between the credit bureaus, we've added the Score Summary Dashboard. This feature provides a graphical view of each credit bureau score without having to scroll through each report.
