700Credit
CREDIT | COMPLIANCE | SOFT PULLS

700Credit is the industry's largest provider of credit, compliance, identity verification and soft pull solutions.
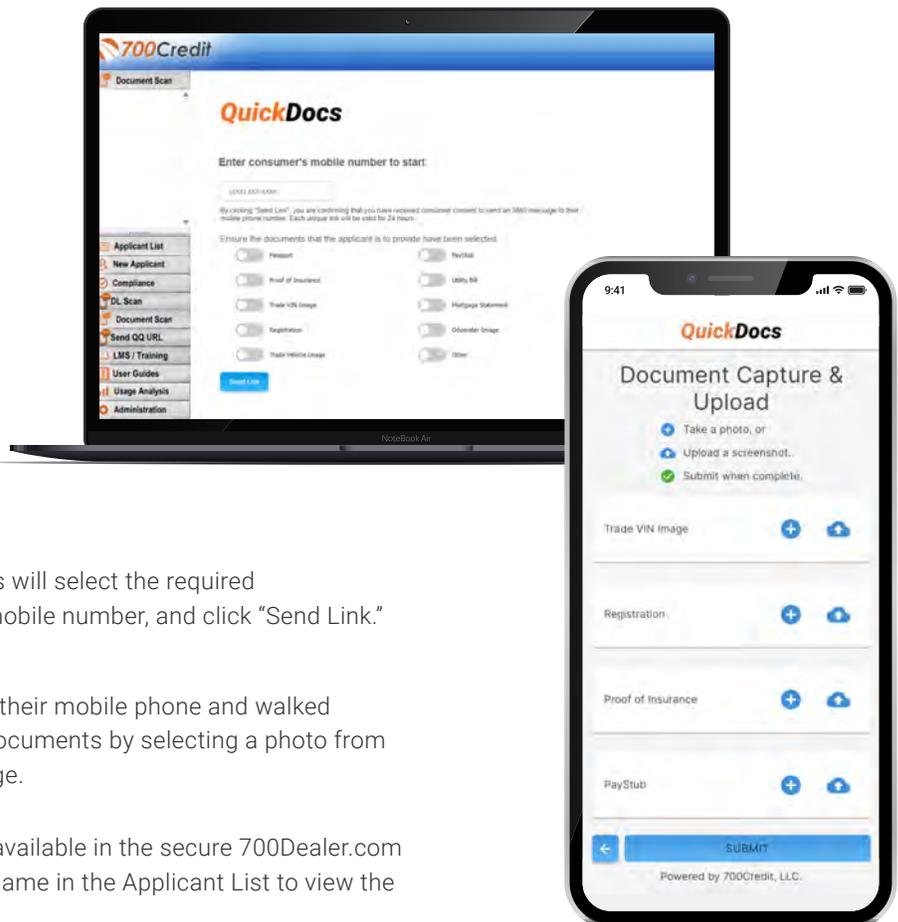

Secure Document Scanning and Storage Solution

Protected, seamless document collection is here - *built for how dealerships work today.*

QuickDocs

QuickDocs is our secure document capture and storage solution that builds on the concept of our QuickScan driver's license authentication solution, making it easy for dealers to easily text a link to consumers purchasing a vehicle. After receiving the link, users will be led through the process of scanning relevant verification documents for secure storage in our 700Dealer.com portal.

Some of the supported documents include:

- Proof of Insurance
- Registration
- Paystub
- Utility Bill
- Mortgage Statement
- Trade VIN Image
- Trade Vehicle Image
- Odometer Image
- Passport

1 In the 700Dealer.com portal, dealers will select the required documents, enter the consumer's mobile number, and click "Send Link."

2 The consumer will receive a link on their mobile phone and walked through the process of uploading documents by selecting a photo from their library or capturing a new image.

3 Uploaded documents are instantly available in the secure 700Dealer.com portal. Simply click the applicant's name in the Applicant List to view the documents in a separate window.
